September 2005

Disclaimer

This report was prepared as a result of work sponsored and paid for, in whole or part, by the U.S. Environmental Protection Agency (EPA). The opinions, findings, conclusions, and recommendations are those of the authors and do not necessarily represent the views of the EPA. The EPA, its officers, employees, contractors, and subcontractors make no warranty, expressed or implied, and assume no legal liability for the information in this report. The EPA has not approved or disapproved this report, nor has the EPA passed judgment upon the accuracy of the information contained herein.

The mention of commercial products, their source, or their use in connection with material reported herein is not to be construed as actual or implied endorsement of such products.

Acknowledgments

Shelly Eberly led the effort to create this workbook and was essential in its development. The authors thank the many people who have contributed their technical review, comments, ideas, and example graphs to all versions of this workbook. Dr. Phil Hopke, Dr. Basil Coutant, and Dr. Ron Henry were instrumental in providing technical guidance, recommendations, and examples. Other major contributors to the workbook contents and review include:

- Birnur Buzcu-Guven, Dr. Paul Roberts, Anna Frankel, Alan Chan, and Sean Raffuse (STI)
- Dr. Gary Norris (EPA)
- Rich Poirot (Vermont DEQ)
